

FROM THE CHAPLAIN'S CORNER

What does the celebration of Christ's death and resurrection mean to us? Every year the gift of Jesus' life and death confronts us – Jesus, the one human being whom we know and trust never betrayed his humanity. Karl Rahner expressed the paschal mystery this way: *when the vessel of his body was shattered in death, Christ was poured out over all the cosmos: he became actually in his very humanity what he had always been in his dignity, the innermost centre of creation. (On the Theology of Death)* So, a happy and blessed Easter to you all as we too unite with all of creation living the life of Jesus here and we too carry within ourselves the promise of new life.
