◆ Week 1

◆ 29 July 2024

## Hi Everyone

Welcome back for all students to our new semester. A warm welcome to YTU's new students. This week we have photos from the gathering of all religious Melbourne Diocese in Sacred Heart Parish, Biography of the Heart by Krisna, and the list of activities for the second semester.

## Enjoy your reading!

A big appreciation goes to the students who participated in the gathering for all religious in Sacred Heart Parish on Saturday, 8th June 2024. Some of YTU's students took part in the mass as the participants and singers in the choir. The celebration was very beautiful and holy.

### **Biography of the Heart**

After finishing the units in the first semester and submitting all essay requirements, I got a beautiful chance to go to the Northern Territory. I had an opportunity to visit and experience the beautiful creatures of God in the heart of Australia. Indeed, I visited Uluru and the Aboriginal culture centre, encountered Aboriginal people and joined a smoking ceremony. It was so remarkable. Experiencing all those events framed my heart differently. It is important to notice that the heart that I mean in this reflection is about the way I think about all the experiences that I have been through. I believe the heart is the centre of thought and emotion. The term biography comes from my reflection of the identity of the person after experiencing a spiritual encounter and it makes him have a different spirit that makes him happier. These are the biographies of the heart. Firstly, I am more aware of the presence of God in all creatures. Secondly, as an Indonesian, I can view how unique Australia is. The uniqueness of Australia is not only measured by the mathematics vocabularies but also spiritual and cultural scale. Thirdly, many people are my brothers and sisters. Thank you.
