◆ Week 8

◆ 29 April 2024

Hi Everyone,

Welcome to week 8. This week we have a short reflection entitled “Shadows” by Krisna, pictures of the great symbols of Paschal mysteries in our chapel, and an invitation for all students who want to share their experiences and thoughts in SRC’s newsletter.

Enjoy your reading!

SHADOWS

What comes to your mind when you see this image? I guess, you will have various answers to this question. This image is meant to remind you that shadows are a phenomenon that are always around us. Shadows mirror realities that exist in our world. For me, the shadows in this picture show four persons who are standing and talking. I think they are enjoying the trees and scenery around them. I like the picture and the shadows. It is so beautiful and vivid.
